Silversea has launched a new collection of voyages to Cuba, now available to book.

Departing for Cuba from the United States for the first time in the cruise line's history, the 17 voyages will "unlock authentic experiences for Silversea's guests, showcasing the best of the country through immersive land excursions in various destinations."

Silver Wind will inaugurate the collection of voyages to Cuba when it sets sail on Feb. 14, 2019, on a seven-night voyage from San Juan to Fort Lauderdale. The itinerary will include visits to the Cuban cities of Havana and Santiago de Cuba, and the Bahamian island of Bimini.

Silversea's recently lengthened Silver Spirit will depart San Juan on a 10-night voyage on Feb. 22, 2019. An overnight in Santiago de Cuba will be complemented by calls in Cienfuegos and Havana, as well as stops in George Town, Key West and Bimini, before finishing in Fort Lauderdale.

Departing San Juan on March 31, 2019, Silver Wind will unlock Santiago de Cuba and Havana on overnight calls, as well as Cienfuegos, on a 10-night voyage. The itinerary will also incorporate George Town in the Cayman Islands and Bimini.

Also aboard Silver Wind, a nine-night round-trip voyage from Fort Lauderdale – departing April 10 – will call in Santiago de Cuba overnight and Havana, in addition to Bimini, Nassau and Port Canaveral.

Concluding the selection for 2019, a 14-night sailing aboard Silver Whisper will depart Fort Lauderdale on Nov. 22. The round-trip voyage will feature a visit to Cienfuegos, plus overnight stays in Santiago de Cuba and Havana, offering ample time for guests to experience the local way of life. The itinerary also includes calls in Grand Cayman, Cozumel, Belize City and Key West.

In 2020, another 12 voyages are scheduled to unlock authentic Cuban culture for Silversea guests. These voyages will be opened for bookings in the near future.

Silversea guests will be treated to a host of carefully curated people-to-people experiences, designed to enable travellers to delve deeper into Cuba's natural beauty and a number of the country's cultural and historical highlights.

In the Cuban capital of Havana, for example, guests will have the chance to learn about key landmarks on a panoramic driving tour, escorted by a knowledgeable local guide. They will be able to explore the UNESCO World Heritage-listed Old Havana on a walking tour, with rum and cigar demonstrations and tastings. They'll also be able to cruise along the waterfront in vintage 1950s American cars; be enchanted by the Latin rhythms and captivating dancers of the iconic Tropicana Cabaret; savour inspired musical performances at La Zorra y El Cuervo, the city's legendary jazz club; and travel beyond the city to the World Heritage-listed Viñales Valley, renowned for its stunning landscape and tobacco cultivation.
